## Forefront Customized Suicide Prevention Trainings (2017)

[Forefront: Innovations in Suicide Prevention](#) is pleased to offer customized suicide prevention trainings designed to meet a wide range of organizational and community needs. Forefront’s nationally recognized trainers will work with you to tailor content your staff, team, or community group’s goals. While the majority of our trainings are 1.5 – 3 hours in length, we are able to provide content for up to two days.

Examples of training topics include, but are not limited to:

- Giving help, getting help: your role in a suicide safer community
- Comprehensive suicide prevention initiatives for school systems
- Grief and loss from suicide: honoring the moment, moving with healing
- Safer Homes: keeping ourselves and loved ones safe from lethal means
- *Igniting* change with community and legislative advocacy
- Safe messaging - Safe reporting of suicide
